

# DOLL CLASS

## LITTLE LAZY LARRY the LEPRECHAN

Here is your opportunity to create a wonderful doll created by Nancy Cronin for a very affordable price.

## THE STORY ABOUT LARRY

Lazy Larry was in class at the Leprechaun School. The Head Professor was lecturing the students about the importance of finding and protecting their own personal Pot-Of- Gold. Little Lazy Larry Leprechaun listened half heartily and frequently nodded off in class. After class Little Larry started his quest full of optimism and determination, filling his head with images of great wealth.

He searched for days with little or no sleep. He was very weary and began to feel he would never fulfill his quest. Then as he approached the top of a magnificent hill, there it was in front of him a brilliant Pot-of Gold filled with soft inviting marshmallows. Joyously he climbed in nestled into the marshmallows and fell fast asleep with a smile of peace and tranquility on his face.

Needless to say, Little Lazy Larry did not get an "A" in the professor's class, but he did not fail. He enjoyed a nice long nap and was able to temporarily partake of the comfort and security he dreamt of at the onset of his quest.

## ABOUT THE KIT

The kit will include all materials to create Little Lazy Larry on his COT of GOLD and a tutorial with pictures to guide you to completion of the project.

You will assemble the painted resin body parts, make a wire armature, do a little cotton sculpting, dress and wig the doll.

The accessories you will make or complete are the hat, the pipe, the marshmallows for gold cot.

Make marshmallows? Here is a chance to try a new air dry clay with out buying a whole package of it. Included is enough Delight air clay for the project.

There will be a one hour class in the class room (date not set yet) to answer any questions.

Any skill level can complete this project.

Cost for the kit is \$95 plus shipping \$5.00

Contact Nancy Cronin [nancysdoll@comcast.net](mailto:nancysdoll@comcast.net) to reserve your kit.
